

MN-65-62 Hole saw set with hardened teeth for wood and drywalls

Hole saw set with hardened teeth and replaceable centering drill

Features & benefits

- Hardened teeth increase the service life of the product
- Replaceable blades allow you to work with various diameters of hole saws
- Pilot drill bit facilitates a precise start of drilling in a chosen place
- Lack of a mounting ring makes the blade more stable during drilling

Applications

- For drilling in wood, plastic and drywalls
- Intended for using with a drill and cordless drill-driver

Equipment

- Pilot drill
- Hex key
