

MN-05-909 Stretch film 100mm/225g

Stretch film (transparent) 115 mm x 100 m

Features & benefits

- High tensility of the foil increases elasticity up to 150%
- Stretch film wrap increases abrasion resistance
- Thickness of 23 microns assures very high tensile strength
- Transparent layer facilitates light transparency

Applications

- Intended for securing and protecting the item against abrasion, scratching, denting, breaking

Users

- Warehousemen
- DIY enthusiasts
- Painters
- Roofers
- Road workers

Corresponding products

- MN-05-908 Stretch film 100mm/225g with handle
