

[English]: MN-90-035 Wiertarka udarowa 850 W

Universal hammer drill 850 W

Certificates (icon):

Features & benefits

- 850 W power ensures that the drill will not fail during any works
- Aluminum body improves the tool's durability and heat dissipation
- Drilling chuck 1,5-13 mm allows the using of broad range of drills and accessories
- Rotational speed adjustment allows the user to set parameters of operation appropriate to the work being performed
- Option of drilling with impact and without impact depending of the type of substrate
- Change of direction of revolutions from right to left facilitates removal of drill from material and enables extracting screws and bolts
- Trigger lock enables continuous operation of drill
- Metal side handle with increased resistance allows you to apply bigger forces to the drilled material
- Adjustable side handle with depth drilling limiter improves comfort and occupational safety
- A 3 m long cable provides the user freedom of operation without the need to move the power source
- **Red Plug Service** guarantees quick repair of a broken tool though free courier shipment from and to the customer

Applications

- Intended for drilling without impact in metal, wood or plastics
- Intended for drilling with impact in light concrete, brickwork, bricks, stones

Equipment

- Key for drill chuck
- Side handle
- Depth limiter

Users

- Fitters
- DIY enthusiasts
- Carpenters
- Electricians
