

MN-65-2 Bow saws

Bow saws with handle with automatic tension

Features & benefits

- Oval frame profile protects the tool against bending
- Frame covered with a special powder coating increases the corrosion resistance
- Automatic (lever) handle regulation provides sturdy blade tension
- Saw blade with hardened teeth of 52 HRC ensures its long service life
- Special tooth shape allows you to cut wet wood without jamming of the blade
- Handle guard protects the user against injuries

Applications

- Intended for cutting wet and dry wood

Users

- Gardeners
- Roofers
- DIY enthusiasts
- Carpenters

Corresponding products
