

STEEL ROPES PVC COATED

Steel ropes with PVC coating for versatile applications

Product information

Features and benefits

- Available on the plastic reel
- Zinc electroplated for enhanced corrosion resistance
- Multi stranded for greater flexibility and strength resistance
- Stiff strands with a low elongation tendency
- PVC coating for greater corrosion resistance and hand-grab security
- Plastic coating provides electrical insulation

Applications

- Placing fences, barriers, etc.
- Playgrounds, swings
- Adventure and line parks
- Suspended decoration ropes, decorative electrical wires
- Gardening, binding trees and bushes
