

MN-97-993 EXTRA STRONG (PRO+) Extra strong glue stick

EXTRA STRONG (PRO+) - Extra strong glue stick for construction materials and metals

Features & benefits

- Extra strong glue stick allows you to glue heavy construction materials and all types of metals
- Length of 200 mm ensure a longer operation with the use of one glue rod
- Glue diameter of 12 mm ensures that it can be used with most glue guns available on the market
- Honey colour of the glue makes the weld less visible in case of joining dark materials
- Bonding time of 30-35 seconds allows you to create joints in construction materials and metals effectively
- It does not give off a bad smell during operation

Applications

- Extra strong glue stick for gluing heavy materials, e.g. metal, glass, stone

Users

- Tilers
- Electricians
- Plumbers
- Glassworkers
- DIY enthusiasts
