

RT-GS-E Extra strong glue sticks

Super strong glue sticks designed for gluing together heavy construction materials and metals

Product information

Features and benefits

- The diameter of 12mm allows the adhesive to be used in most adhesive guns available on the market
- Short curing time, 35-40 seconds, allows for quick work
- The length of 200 mm allows for a longer operating time on one glue stick
- Honey color of adhesive allows applying in many areas
- Does not emit odor while working
- Resistance to temperature of -15°C enables operation at very low temperatures
- Operating temperature of 170-210°C

Applications

- Super strong glue stick allows gluing together heavy construction materials and metals

Base materials

- Metal Sheet & Profiles
- High-Density Natural Stone
- Glass

Corresponding products

- RT-GG-055 Glue gun 55W
- RT-GG-080 Universal glue gun 80W
- RT-GG-180 Professional glue gun 180W
