

MN-65-006 Hacksaw 300 mm

Hacksaw 300 mm with 7 mm metal frame

Features & benefits

- Metal frame made of 7 mm thick flat bar provides stiffness of the blade during operation
- Regulation of the blade pull allows you to adjust the correct tension of the saw blade
- Design of the saw allows the use of 12.5 and 25 mm wide blades
- Universal handle allows you to set the blade at a 90 degree angle

Applications

- Intended for manual metal cutting

Users

- DIY enthusiasts
- Mechanics
- Fitters
- Plumbers
- Electricians
