

## NKRK EXPANSION PLUGS

Expansion plugs for cavity wall applications with KWB wall ties.

### Product information

#### Features and benefits

- Designed for extra holding power in application with KWB wall ties.
- Twin long expansion points for a strong fix in solid and hollow materials.
- Lip prevents plug slipping into over-sized holes.

#### Applications

- Cavity walls

#### Base materials

##### Suitable for use in

- Concrete
- Solid Brick
- Solid Sand-lime Brick
- Hollow Brick
- Hollow Sand-lime Brick
- Vertically-perforated Clay Block
- Lightweight Concrete Block
- Aerated Concrete Block

### Installation guide

1. Drill a hole of required diameter and depth
2. Lightly tap the KWB anchor with expansion plug through the insulation material into hole with a hammer, until fixing depth is reached
3. In solid material use KRK expansion plug (6x38) which is recommend for 4mm diameter wall tie.
4. In hollow material use NKRK expansion plug (8x60) which is recommend for 4mm diameter wall tie.

## Product information

Product Code	Diameter	Length
	d	L
	[mm]	
NKRK-04	8	60
NKRK-08060	-	60
