

## MN-69-14 Flat brass-coated wire brushes

### Flat wire brushes for angle grinders and for wood and metal processing

### Features & benefits

- High-quality wire increases brush durability
- Brass-coated crimped wire with a thickness of 0.35 mm allows you to grind finishes
- Inner hole 22.23 mm allows them to be used with most angle grinders on the market

### Applications

- For precise grinding steel and non-ferrous metals
- Finishing corner and edge grinding
- For removing rust, paint and paint finishes in hard-to-reach places
- Intended for using with angle grinders

### Users

- Locksmiths
- Tinmen
- Fitters
- Varnishers
- DIY enthusiasts
