

MN-64-4 Axes, fibreglass handles

Forged steel axes with ergonomic handle, fibreglass type

Features & benefits

- Working part is made of forged steel and it is inductively hardened, which increases resistance to flattening
- Handle made of special fibre, which provides lifetime durability, absorbs vibrations and increases work comfort
- Blade protection prevents damaging during transport

Applications

- Intended for processing and chopping wood

Users

- Gardeners
- DIY enthusiasts
- Roofers
- Joiners
