

Stud connectors DIN 6334

Designed for connecting two male-threaded components. Finished in zinc electroplated coating for enhanced corrosion resistance.

Product information

Features and benefits

- Quick and easy installation
- Removable - screw may be removed and reinserted
- Threaded rod made of carbon steel class 8.8 is suitable for outdoor use and in damp conditions

Applications

- Steel construction
- Balustrading
- For fastening of threaded rods or bolts
- Heavy machinery
- Radiators
- Railings
- Rebar
- Shelves
- Signs
- Steel columns
- Steelwork
- Supports
- Wood boards
