

# RT-SDSR-SET2 Drill bits set Rebar drill SDS plus 5 pcs

High-quality SDS plus drill bits for drilling in reinforced concrete

## Certificate

## Product information

### Features and benefits

- Monolithic carbide tip increases the life of the drill bit
- Centre point for quick commencement of drilling without the drill slipping
- 3 symmetrically arranged cutting edges allow for perfectly straight and axial drilling
- Angle tip 135° allows drilling in reinforced concrete
- Very deep seating of carbide plate significantly improves connection with the drill core, which affects quality
- 3 material extraction surfaces and special shape of the drill facilitate the removal of dust
- Steel with specification 34CrNiMo6 provides high strength and durability

### Applications

- Drilling holes in reinforced concrete, concrete, stone and hard brick
- Suitable for operation with SDS plus hammer drill

### Corresponding products

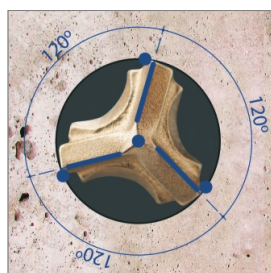

- R-XPT Throughbolt
- R-HPTII-ZF Zinc Flake Throughbolt
- TFIX-8M Facade fixing with metal nail
- R-KEX II with Threaded Rods

### Base materials

- Reinforced concrete
- Concrete
- Natural Stone (after site testing)
- Solid Concrete Block
- Solid Brick

### Set includes

- 5 pcs of drill bits SDS plus: 5mm, 6 mm, 8 mm, 10 mm, 12 mm
