

## MN-93-037 Angle grinder 125 mm, 850 W

### Versatile angle grinder 850 W for discs 125 mm

### Certificates (icon):

### Features & benefits

- Small size and low weight of the grinder coupled with a durable 850 W motor make the tool highly versatile
- 125 mm wheels are a universal combination of good cutting depth and convenient size
- Slim body of the tool allows the grinder to be held in hand
- Spindle lock facilitates replacing the blades
- Keyless mounting of the wheel guard allows its position to be quickly changed without any additional tools
- Side handle mountable in 3 positions ensures better grip, increased safety and more ergonomic and precise operation
- On/off switch lock is useful during long work sessions using the grinder
- A 3 m long cable provides the user freedom of operation without the need to move the power source
- **Red Plug Service** guarantees quick repair of a broken tool though free courier shipment from and to the customer
- The grinder is equipped with an on/off switch with protection against unintended restarting

### Applications

- Intended for cutting various materials depending on the disc used
- Intended for grinding various materials depending on the disc used

### Equipment

- Pin face spanner for changing wheels
- Side handle

## Users

- Locksmiths
- Fitters
- Tilers
- DIY enthusiasts
- Reinforcers
