

MN-68-54 Drywall sanding mesh hard

Abrasive mesh discs with velor dedicated for grinding hard and old gypsum plasters

Features & benefits

- The 225 mm diameter mesh allows use with the most popular plaster grinders available on the market
- The mesh structure ensures high abrasion efficiency and quick removal of excess sanded material
- High binder parameters increase the service life
- The velor back surface of the mesh allows quick mounting on the grinder's disk

Applications

- For grinding drywall surfaces
- Intended for using with a telescopic drywall sander

Equipment

- 5 pieces of grinding wheels

Users

- Gypsum plasterers
- Plasterers
- Bricklayers
- DIY enthusiasts
