

MN-78-413 Diamond blade for grinding

Diamond blade for fast surface grinding, tearing off and finishing

Features & benefits

- Shape and arrangement of 30 diamond segments allows you to tear off and finish surfaces quickly, e.g. floor levelling
- Increased height of the diamond influences the efficiency of grinding
- Inner hole 22.23 mm allows them to be used with most angle grinders on the market
- Diameter of 125 mm allows the wheel to be used in hard-to-reach places and ensures a comfortable operation of single-handed grinders

Applications

- For fast grinding of concrete, paving stones, bricks, and for finishing work, such as floor leveling
- Intended for using with angle grinders

Users

- Masons
- Bricklayers
- Tilers
- Fitters
- DIY enthusiasts
