

MN-93-225 Drywall sander 225 mm, 600 W

Telescopic drywall sanders 600 W with adjustable handle length

Certificates (icon):

Features & benefits

- Handy telescopic drywall sander allows the user to comfortably sand ceilings and walls beyond the reach of the user's hands
- Length of the tool can be changed due to its telescopic design (1100-1650 mm), which means more ergonomic operation with an improved range
- Telescopic design of the sander and included carrying case ensure safe and comfortable transport and storage of the tool
- Adjustment of the disc's rotational speed allows the user to set a speed appropriate to the surface being worked on and the work being performed
- Hook and loop fastening of discs greatly decreases time needed to replace them
- The dust extraction system, after connecting a vacuum cleaner via the included hose, ensures less dust in the room and better work conditions
- During operation, lower handle may be hooked to the user's utility belt, relieving the user's hands and thus significantly reducing work fatigue
- Brush around the working disc prevents dust from getting in and reduces damage to the surface being sanded
- Design of the working disc with hinged motor mount allows the disc to evenly adhere to sanded material
- Disc powered directly by the motor means increased durability of the tool
- A 4 m long cable provides large area of operation without the need to move the power source
- **Red Plug Service** guarantees quick repair of a broken tool though free courier shipment from and to the customer

Applications

- Intended for sanding large plaster surfaces, e.g. plaster finishes

Equipment

- Sandpaper set (various grades)
- Vacuum cleaner suction hose with reductions
- Spanner
- Carrying case

Users

- Gypsum plasterers
- Painters
- DIY enthusiasts
