

MN-85-001 Slide caliper modeco

Stainless steel slide caliper with millimetre-inch pitch

Features & benefits

- Execution of stainless steel ensures aesthetics and durability of the product
- Millimetre pitch is marked using black colour and therefore it is well visible and may be readout easily
- Measurement accuracy 0.05 mm allows conducting precise measurements

Applications

- Indispensable for dimensional inspection of small parts of machinery, equipment and their components

Equipment

- Packed into plastic case

Users

- DIY enthusiasts
- Mechanics
