

MN-15-54 Set of bits for drill-drivers

Sets of 15 bits, 25 mm and 50 mm long, made of S2 steel

Features & benefits

- High quality S2 steel increases service life and allows you to use a greater number of screws and fasteners
- Colour navigation allows you to choose quickly the type of bit for the screw seating.
- Special notch in a bit handle enables its better mounting in an adapter.
- 55-58 HRC steel hardness increases resistance to torsional stresses while screwing and extends the service life of the product

Applications

- For screwing the screws into wood, drywalls and other fastenings with Philips, Pozidriv and Torx sockets.
- Intended for use with a cordless drill and driver

Equipment

- 15 pieces of bits

Users

- Roofers
- Electricians
- Fitters
- DIY enthusiasts
- Mechanics
