

MN-06-102 Blue safety glasses

Blue glasses with adjustable temples

Certificates (icon):

Features & benefits

- Polycarbonate lenses provide scratch resistance
- Adjustable temples allow you to adjust proper width of the glasses according to the user's needs
- Blue-coated lenses enhance light transparency and reduce reflexes from artificial light sources
- Polycarbonate lenses make the glasses ultra light and protect the user against UV radiation
- Side-shields protect against lateral splinters of the processed material
- Openings in the temple tips allow you to attach an eyewear retainer to the glasses

Applications

- Intended for protecting the eyes against splinters from processed materials

Users

- DIY enthusiasts
- Mechanics
- Locksmiths
- Tilers
- Joiners
