

## MN-71-3 Trapezoidal floating rules profi

### Trapezoidal floating rules with reinforced profile 90 mm

#### Features & benefits

- Aluminum profile guarantees corrosion resistance
- Trapezoidal profile enables it to spread mortars quickly and precisely
- Profile thickness - 1.5 mm - assures higher bending resistance
- Practical groove in the profile allows for a comfortable grip while working
- Internal reinforcement of the entire floating rule assures the stiffness of the rule

#### Applications

- Professional floating rule intended for spreading plaster

#### Users

- Bricklayers
- Painters
- Tilers
- Gypsum plasterers
