

MN-69-1 Full-cable twisted steel wire brushes

Flat wire brushes for angle grinders and for rough metal works

Features & benefits

- High-quality wire increases brush durability
- Thick weave enables them to process materials aggressively
- Hardened wire with a thickness of 0.5 mm allows for conducting rough grinding works
- M14 thread enables the use with all angle grinders on the market

Applications

- Rough grinding of steel and non-ferrous metals
- Heavy corner and edge grinding
- Removing mill scales, rust and cleaning construction formworks
- Intended for using with angle grinders

Users

- Locksmiths
- Welders
- Mechanics
- Tinmen
- Fitters
