

MN-63-041 Knife for plasterboards 25 mm

Knife 25 mm with steel guide and screw blade lock

Features & benefits

- Body made of ABS plastic ensures a low weight and resistance to moisture
- Wide blade of 25 mm enables a quick and precise cutting of plasterboards
- Steel guide ensures blade stiffness while cutting
- Screw blade lock ensures cutting precision and prevents the blade from retracting during operation

Applications

- Intended for cutting thick materials such as: drywall, leather, plastics etc.

Users

- Gypsum plasterers
- Tilers
- Painters
- DIY enthusiasts
- Fitters
