

MN-06-104 Safety glasses

Transparent polycarbonate glasses

Certificates (icon):

Features & benefits

- Polycarbonate lenses provide scratch resistance
- Safety lens in the upper part of the glasses protects the eyes from splinters from the top
- Wide temples also protect against lateral splinters
- Ventilation holes in the temples provide ventilation so that the lenses do not fog up
- Polycarbonate lenses make the glasses ultra light and protect the user against UV radiation
- Openings in the temple tips allow you to attach an eyewear retainer to the glasses

Applications

- Intended for protecting the eyes against splinters from processed materials

Users

- DIY enthusiasts
- Mechanics
- Locksmiths
- Tilers
- Joiners
