

MN-97-994 PVC (PRO-T) glue stick for plastics

PVC (PRO-T) - Strong glue stick for glue guns for plastic materials

Features & benefits

- Glue stick allows you to glue all plastic materials
- Length of 200 mm ensure a longer operation with the use of one glue rod
- Glue diameter of 12 mm ensures that it can be used with most glue guns available on the market
- Glue transparency ensures that it can be used in many areas and gives a clear joint
- Bonding time of 35-40 seconds allows you to create joints in plastic components effectively
- It does not give off a bad smell during operation

Applications

- Glue stick for gluing plastic materials, e.g. plexiglass, cables etc.

Users

- Electricians
- Fitters
- Plumbers
- Tilers
- DIY enthusiasts
