

MN-65-207 Wallboard saw, 155 mm

Universal saw 155 mm for cutting drywalls and cutting holes in drywalls

Features & benefits

- Blade with hardened teeth, sharpened on 3 edges, which allow you to cut drywalls quickly and precisely
- Two-component handle attached to the blade with the use of screws ensures firm and ergonomic grip
- Suitable blade shape makes it easier to work in hard-to-reach places
- Tapered blade ending allows you to cut holes in drywalls
- Blade thickness -1.5 mm - provides stability during work

Applications

- Intended for cutting drywalls

Users

- Gypsum plasterers
- Tilers
- Fitters
- Plumbers
- Electricians
