

T-416-00 EYE-EYE TENSIONER

Eye-eye turnbuckle for adjusting the tension and length of wires and ropes

Product information

Features and benefits

- Made of low carbon steel
- Manufactured in accordance with DIN 1480
- Consists of two roll threaded forged steel jaws
- Two forged eye terminals are screwed into each end of a forged steel frame
- Hot galvanized for enhanced corrosion resistance

Applications

- Adjusting the tension and length of steel wire and ropes
- Tensioning of the balustrade systems
- Construction strapping tensioning
