

MN-73-371 Venice Stainless steel float

Professional stainless steel float 200 x 85 mm for structural plasters

Features & benefits

- The stainless steel table top provides good elasticity and resistance to corrosion
- Chamfered ends allow you to spread mortar without leaving irregularities
- Thick aluminum grip stiffens the float along its entire length
- Two-component handle provides a strong and ergonomic grip
- Ergonomic handle shape ideally fits to the shape of the hand

Applications

- Intended for evening stucco and smoothing structural plaster

Users

- Bricklayers
- Gypsum plasterers
- Tilers
- Painters
- Fitters
