

MN-16-105 Bit adapter made of aluminium with magnet

Bit adapter made of aluminum with hex shank and strong internal magnet

Features & benefits

- Strong internal magnet fastens bits and screws properly during work
- Bit adapter made of aluminum reduces its weight with retaining quality parameters
- Length of adapter 60mm allows you to work in hard-to-reach areas.
- Shank 1/4" allows you to use them with the majority of drills and drill-drivers available on the market.

Applications

- For holding bits during screwing in the screws
- Intended for using with a drill and a cordless drill and driver

Users

- Carpenters
- Joiners
- Roofers
- Fitters
- Electricians
