

MN-61-6 Bits for confirmat screws

Straight bits for confirmat screws 6.4 mm or 7 mm

Features & benefits

- High-quality high speed steel improves the service life of the pilot drill
- Characteristically sharpened drill bits dedicated to confirmat screws
- Straight shank of the drill bit enables you to mount it in all drill chucks accessible on the market
- Side screw allows you to replace the pilot drill bit
- High-quality tool steel of the milling cutter improves the service life and the precision of drilling
- Polished part of the milling cutter enables you to drill holes precisely

Applications

- For drilling in wood and wood-based materials
- Intended for using with a drill and cordless drill-driver

Users

- Carpenters
- Joiners
- DIY enthusiasts
