

MN-63-2 Bolt cutter, CrMo

Bolt cutters made of molybdenum steel

Features & benefits

- Blades made of high-quality CrMo steel, which provides high abrasion resistance
- Joint applied in the tool allows the greater cutting force
- 58-62 HRC hardness extends the service life
- Handle made of special material, increases work comfort and efficiency
- Special screws for blade mounting allow you to adjust the clearance between the blades

Applications

- Intended for cutting bolts and wire

Users

- Reinforcers
- Roofers
- Road workers
- Mechanics
- Plumbers

Technical properties
